FROM THE  
PREZ

The weather is starting to cooperate  
and is becoming sunny and warm. The  
field is starting to dry out and it  
will be great to see everybody coming  
out to fly their winter projects.  
Hope to see all the members at our  
sale and auction on May 19, 1984. It  
should be great fun swapping  
junk...oh excuse me...treasures, that  
have been collected through the  
years. Don't forget to let me know  
if you want to be an instructor or  
student for our Pilot Development  
Program. This should be of great  
help for the beginner flyers in our  
club. Everyone knows how hard it is  
to get started. The next event to  
keep in mind is our annual Fun Fly on  
July 28 & 29. Let's help **Gary Brown**  
make it a big success. Remember,  
always think safety. Good and safe  
flying to everyone.

Gary Eckert

The April meeting was called to order by President Gary Eckert at 8:05pm. Roll call showed 17 sr. and 1 jr. member present. Secretary's report was read and accepted. Treasurer's report was read and accepted. There was no Association report. Gary Brown reported that we got the sanction back from AMA for our Fun Fly. He appointed chairmen for the events. Also, there was a discussion about the Sunday program. There was an announcement in the Prop Wash on dates and rules for the Pylon racing. The fire extinguisher has been purchased and is out at the field. An announcement was in the Prop Wash about the Pilot Development Program. Will set up a date later. The members decided to hire a contractor to level out the dirt from the ditches. They also agreed to get new posts for the pit area. Stan Staniszewski and Phil Morgan will take care of it. Garbage pick-up to start in June. Work detail next month when field dries out. Will put calling list into effect in around 2 weeks. Voted in a new member - Robert Elder. Meeting was adjourned at 8:45pm  
Carol Eckert

## Bits & Pieces

It looks like "wrong way" Sauter is going to be getting some practice in repairing a monokoted airplane.

Hope someone told Gary Eckert that you can't use a tuned pipe at the pylon races.

Rumor has it that Michael Graham's calendar is filled for the summer flying season.

Is Bill Montgomery getting into 1/2A planes now?

Al Mortensen is readying his gear for some serious summer flying!

Has remodeling cut into Bob Rowe's "airplaning"?

## would you believe...

Stan "alphabet"'s Cap 21 is slooowly getting built.

Dan Williams thinks it would be great to take a plane off from a water runway.

What's that secret project that new member Bob Elder has on the building board?

Gene Andres is thinking of adding an addition on to his house...for all those quarter scale birds.

## GOOD NEWS!

CONGRATULATIONS TO LON SAUTER FOR A FIRST PLACE IN STAND-OFF SCALE (with his F86 Jet) AT THE ARNOT MALL STATIC CONTEST.
