PREZ SEZ

Last month I wasn't present at the meeting and I apologize for that, but travel for my job sometimes interrupts the important stuff. As I understand, there was a rather heated debate going on about whether or not to continue our association with the CNYMAA. First, let me say that involvement with the CNYMAA is not necessary in the least for the continued functioning of the Club and the enjoyment of Club model activities. It has become very apparent that the discussions over the past month are starting to affect the second part of the statement, ENJOYMENT OF CLUB MODEL ACTIVITIES! I absolutely will not, within my power as president of the STARS, allow this to continue. This is a hobby for fun, and we don't need this kind of situation screwing up the fun. This WILL get resolved and put to rest at this month's meeting. The second thing I want to say is that at no time was the CNYMAA promised a picnic site at the STARS field this year by a collective vote by the members. This is the only way things like this get done by this Club, by a vote. I don't make the decisions, nor does any individual in the Club make the decisions. It is a vote by the membership that decides whether or not to have a particular activity at the field. I am being entirely fair about this, and I want everyone to know that we stand by these decisions as a club. Earlier this year, I made the Club aware of the misconception that we were to be host this year, and the Club voted to allow a combination picnic for us, OVM, and the CNYMAA, all parties willing. This was not the case, so the CNYMAA has their picnic elsewhere. It is a simple process; the Club says yes, or the Club says no. This situation is the root cause for some hard feelings between the STARS and individuals in the CNYMAA. I won't go into this now, but it will be completely explained at the meeting.

We had an awesome time at the pylon races. The new Sport class really took off and we really had fun. I think that there will be a renewed interest in racing as a result. All it takes is to get bit, and a bunch of new guys did. Let me tell you, we've got a long way to go before we can beat the boys at the Nats. Unbelievable!! I don't know how they can keep ahead of their planes. Oh well, something to shoot for, though. If anyone is interested in racing with us, just show up with a plane and race. Its also a great way to hone your flying skills. Come out and give it a try!

Don't forget about the STARS/OVM picnic on Sunday the 12th. See the Propwash for the flyer. Bring a dish to pass, bring a plane, bring a friend or family, and at least bring yourself! Every year there are more members of the Oswego Valley Modelaires than STARS members. Let's see if we can make it even this year, considering the fact that its at our field this year.

We will be continuing discussions about this year's Airshow, and everyone will be asked about helping out in one spot or another. It's a lot of fun even when working, and its the only money-making function that the Club does as a whole, so everyone should be involved.

Finally, we are running into problems with our power situation, namely the pole. Our property is so wet that the truck can't get in. They want much more money to get a backhoe in to do it. Needless to say, we're looking into alternatives. Stay tuned!

Enough for now, see you all at the meeting.

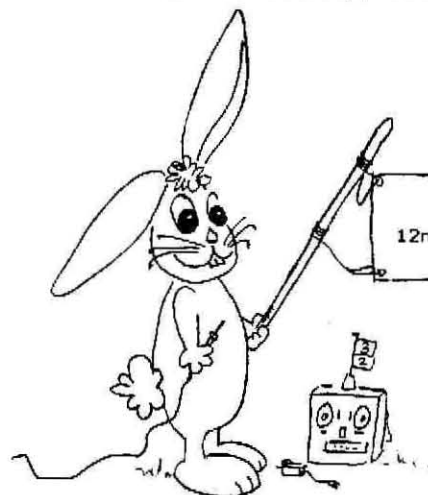

Dan

The May 21, 1992 meeting was called to order by President Rick Snyder at 7:15 p.m. the Secretary read the minutes of the April 16th meeting and they were accepted. Vice President Dan Williams reported the following bank account balances:

CHECKING-	\$79.19
SAVINGS-	5673.40
SCHOLARSHIP-	1044.37
TOTAL-	7296.96

OLD BUSINESS

Gus Pandajis reported that the reason there is a \$5.00 fee for use of the flying facility in Muncie is so that the Academy is not supplying an unfair advantage to area flying clubs. Gus further stated that the \$5.00 fee is imposed only after you have used the facility three times in a year.

Walt Throne reported that we still do not have a site for this year's picnic.

After recieving a letter requesting our position on the subject of AMA vs. SFA we at CNYMAA would like point out that our constitution requires that our member clubs be chartered with AMA. It is also our opinion that AMA stands for much more than just insurance. AMA has been a major contributor to our hobby through education, litigation, participation and guidance while still maintaining a non-profit status! It stands to reason that we should continue to support those whose only purpose is to support us in our hobby.

NEW BUSINESS

Walt Throne submitted an offer from Cooper Decorating for a commitment for the 1993 Symposium.

John Kinnan reported that the maintenance contract on the computer will be up soon and we will need to notify Toshiba if we wish to renew.

The following candidates were elected to office:

Gus Pandajis- President
Jim Abrams- Vice President
John Kinnan- Secretary
Phil Morgan- Treasurer

The meeting was adjourned at 7:45 PM.

Respectfully Submitted

John J Kinnan, Secretary
CNYMAA
